Dear Customer,

Thank you for your interest in our services.

It has been our mission for over 30 years to support the scientific community. This philosophy of placing researchers first has led to incredible growth. Today, Eurofins Genomics is a global leader in oligonucleotide synthesis, Sanger sequencing, gene synthesis, and next generation sequencing.

Your price quote is included below.

You can accept this quote online, in the "My Quotes" section of the website. Instructions are included below in this document.
